**[BeautyScoop ~ The edible beauty accessory for hair, skin & nails](#)**

BeautyScoop® is a wholly original, edible beauty accessory, created by prominent NYC celebrity plastic surgeon, Dr. Michelle Yagoda and world-renowned chemist and inventor, Dr. Eugene Gans. It is the first and only whole body beauty infusion rich in bioavailable peptides and lipids - the extra-nourishing building blocks the body needs to make healthy and beautiful skin, hair and nails.

Normally, it takes the body 4-6 hours to digest what was ingested into an absorbable and usable form. These digested ingredients arrive via slow, steady trickle. A portion is rationed to form new skin, hair and nails and the remainder is reserved for synthesis of other important components such as hormones and enzymes. BeautyScoop®'s patent-pending formula, provides readily usable peptides and lipids (no need to wait hours to digest it and break it down) in a sufficient quantity for immediate, unrestricted use. Remember the old saying, "You are what you eat"? Well, with BeautyScoop®, you are what you absorb!

[BeautyScoop's](#) cutting-edge, all-natural, vegetable-based formula is made at a USDA organic-certified factory and is a pure powder, for immediate absorption. Its unique peptide and lipid formula provide key building blocks to boosts the body's own regenerative power to reduce the appearance of fine lines and wrinkles, add shine to hair and help grow nails faster and stronger.

BeautyScoop® is reinforced with key vitamins and minerals that act as catalysts to correct and enhance beauty naturally, from within. Unlike topical products that stop working when they are washed off, BeautyScoop® works from inside to provide rapid

and long-lasting results!

To read all about BeautyScoop's Skin, Hair and Nail benefits click [HERE](#).

I was Blessed to receive a few [BeautyScoop Sample Scoop Packets](#) for review. Simply mix the contents with 4 or 8 oz of hot or cold beverage of your choice. Packets are Vanilla Creme flavored. I like that BeautyScoop is caffeine free, doesn't contain artificial sweetener, has no artificial color or flavorings, is gluten free and contains no trans fats. Please be aware that BeautyScoop does contain Gelatin so it isn't a vegetarian product.

Be creative and have fun with [BeautyScoop](#)! Click [HERE](#) for some tasty recipes!
