Beauty Scoop is a doctor-invented serious beauty infusion - and a wholly original approach to beauty! It contains essential peptides and lipids (the building blocks for healthy and beautiful skin, hair and nails), reinforced with anti-oxidants and key minerals in a powder form to enable the bodys ability to absorb and use them quickly and effectively. Results from clinical testing of BeautyScoop showed that 86% of participants reported improvements in all three areas within three weeks because it's unique formula boosts the body's own pathway to make better skin, hair, and nails from the inside. Beauty Scoop contains 21 easy to use packets per box (a three week supply). MIX IT INTO YOUR FAVORITE BEVERAGE AND DRINK IT IN!

The word is out! Celebrities, stylists and those 'in the know' are all raving about BeautyScoopTM. Through these testimonials see how BeautyScoopTM is changing beauty regimens. It is the new scoop in beauty.

"It was fantastic! It was delicious and I don't usually like shakes and powdered drinks. I prefer this to a pill as it is all natural and in a drink. It is the 'scoop' in attaining beauty. Even my facialist noticed the changes in my skin!"

Ricki Lake, Actress and Talk Show Host

"Fun. Smart. Hip and Cute. Yum! My LA hairdresser asked what I have been using with my hair because she saw all this new hair growth and noticed that my roots were super strong."

Alysia Reiner, Film and Television Actress in the Academy Award Winning Film, SIDEWAYS

"This gives me a lift and it works!"

Doreen Chu, Former TODAY show producer

"I saw more hair in Alysia's scalp - new growth and enlarged pores. The texture was improved and there was stimulation of new growth. I can't wait to recommend this to my clients."

Valentina V., L.A. celebrity hairdresser
